

Table SR-1. A Summary of proposed treatment activities by the number of stands treated and the acres treated in the Elder Piney project.

Proposed Activity	Number of Stands	Treatment Acres
Hardwood Clear cut with Reserves	31	478
Hardwood Shelter wood with Reserves	46	937
Hardwood Shelter wood Removal	1	17
Hardwood Group Selection	2	43
Hardwood Thinning	16	360
Pine Seed-tree with Reserves	1	12
Pine Thinning	69	877
Pre-commercial Thinning	56	1,124
Old Growth Designation	82	1,414
Pond Maintenance	22 Ponds	Each pond < 1 acre
Rangeland Management	4	67
Bottomland & Upland Hardwood Planting with Site Preparation	6	184
Prescribed Burning Site Preparation	18	439
Mid-story Thinning (for Wildlife)	1	72
Cedar Removal	Where needed	Where needed

Table SR-2. A Summary of existing routes and proposed road treatment activities based on the number of miles in the Elder Piney project.

Proposed Road Work and Routes	Quantity
System Road Maintenance	11.9 miles
System Road Reconstruction	1.2 miles
System Road Idle	2.1 miles
Non-System Converted to System Road	4.8 miles
Non-System Road Decommission	7.9 miles
Non-System Under Special Use Permit	0.4 miles
Temporary Road Convert to Special Use	0.4 miles
Temporary Road Construction	16.5 miles
Gate Installation	4 Gates
Non-System Routes Decommission	7.0 miles
